

The next page contains the Promise Letter (to be copied).

The bottom section is to be filled after the child has completed all 8 goals.

A Hanukkah Promise

Dear _____, (name of parent/guardian)

Today I learned that it is important to be *Shomrei Adamah*, guardians of the earth. This Hanukkah, as we celebrate the miracle of a small amount of oil lasting a long time, I promise to do my part to do my part to conserve energy and protect the environment.

Each of my eight candles has a goal that I must meet in order to attach it to my Hanukkah. Once I complete all 8 goals I can receive a Jr. Environmentalist Certificate.

By meeting these goals I am helping to heal our earth. The earth is a part of everyone's community, and G-d needs our help to take care of all the earth's living creatures. Thank you for helping me meet my goals and heal the earth.

By signing this letter of promise, I signify that _____ (name of child) has met all 8 of his/her goals and qualifies for a Jr. Environmentalist Certificate.
